MAINTENANCE/REPAIRS NEEDED

Attach supporting details or additional information as needed.

As of _____ *(date of inspection)*, the installation or maintenance/repair of the Mer-Ko product(s)/system(s) noted above, as well as associated items used in conjunction with installation of the Mer-Ko system such as sheet metal details, nailing patterns and underlaments, have been installed per Mer-Ko's written specifications. The system installation has not been compromised in any way which would affect the proposed warranty of the aforementioned project.

_____ *(enter name of Authorized MER-KO Independent Contractor)* submits this warranty inspection report to MER-KO on this day _____ *(mm/dd/yy of inspection report submittal)*.
